RULE THE OUTDOORS

NEW SOLUTIONS FOR THE LANDSCAPER

Your world is changing. Increasing regulations across the nation are limiting the use and availability of gas power equipment. This will affect how you run your business – and Makita is here to help with more battery-powered commercial products to replace your gas equipment. Makita brings leading innovation to the cordless power equipment category, with big numbers to back it up: 100+ years of motor engineering, 90+ years in gas equipment, and 40+ years in cordless. There is no other company in the industry with this expansive engineering capability. Makita offers a complete system of outdoor power equipment with more gas-replacement solutions for mowing, trimming, cutting and clean-ups. With a constant focus on new technology and power management, Makita meets the demands of today and tomorrow. So how will you **RULE THE OUTDOORS?**

COMMERCIAL OUTPUT

HIGHER CAPACITY

Delivers 1,200 Watt Hours of Output

LONGER RUN TIME

Ideal for all day work*

ULTIMATE COMPATIBILITY

Powers ConnectX™, 40V max XGT® and 36V LXT® systems

DURABLE DESIGN

IPX4-rated weather-resistant construction

HIGHER CAPACITY. NO GAS.

PROVIDES THE RUN TIME NEEDED FOR ALL DAY WORK

ConnectX™ is a run-time and power solution for use with ConnectX™ products, as well as XGT® and LXT® tools and equipment when used with an adaptor. It accelerates the transition to battery power with a Backpack Power Supply (PDC1200A01), which packs a high-capacity 1,200Wh battery for all-day work and performance without the hassles of gas or cords.

Overall Length	44-1/4"
Net Weight (with battery)	8.65 lbs.

**XPT™****XHU04PT****36V (18V X2) LXT® 25-1/2" Hedge Trimmer Kit**

- Up to 2 hours of run time on low setting with two 18V LXT® 5.0Ah batteries
- 25-1/2" dual action double-sided shear blade for increased cutting capacity
- 5-position rotating rear handle for increased comfort during vertical and angle trimming
- 6 speed dial (0 - 3,600 SPM) allows the user to match the speed to the application

XHU04Z

Blade Length	25-1/2"
Strokes Per Minute	3,600 SPM
Tooth Spacing	1-7/16"
Overall Length	48-1/2"
Net Weight (with battery)	12.2 lbs.

**LXT BRUSHLESS****XPT™****XHU08T****18V LXT® Brushless 30" Hedge Trimmer Kit**

- Up to 2 hours of run time with 18V LXT® 5.0Ah battery
- 30" dual action double-sided shear blade provides increased cutting capacity
- 5-position rotating rear handle for increased comfort during vertical and angle trimming
- Reverse function for clearing jams

XHU08Z

Blade Length	30"
Strokes Per Minute	4,400 SPM
Tooth Spacing	1"
Overall Length	49-3/4"
Net Weight (with battery)	9.05 lbs.

COMING SOON**LXT BRUSHLESS XPT™****XHU09M1**

XHU09Z

18V LXT® Brushless 24" Hedge Trimmer Kit

XH02M1

18V LXT® 22" Hedge Trimmer Kit

- Up to 90 minutes of run time with 18V LXT® 4.0Ah battery
- 22" dual action double-sided shear blade for precision cutting
- Compact and ergonomic design for easy maneuverability
- Weighs only 7.4 lbs. with battery for reduced operator fatigue

Blade Length	22"
Strokes Per Minute	2,700 SPM
Tooth Spacing	15/16"
Overall Length	38"
Net Weight (with battery)	7.4 lbs.

XN02T

18V LXT® Brushless 24" Pole Hedge Trimmer Kit

- Up to 75 minutes of run time with 18V LXT® 5.0Ah battery
- Ergonomic design provides superior maneuverability and balance
- 24" dual action double-sided shear blade for optimal performance
- Weighs up to 30% less than gas models

Blade Length	24"
Strokes Per Minute	4,400 SPM
Tooth Spacing	1-3/8"
Overall Length	80-1/2"
Net Weight (with battery)	8.7 lbs.

XN01T

18V LXT® Brushless 20" Articulating Pole Hedge Trimmer Kit

- Up to 80 minutes of run time with 18V LXT® 5.0Ah battery
- 6 angle settings for efficient trimming of overhead and low-lying hedges; 115° working range
- 20" dual action double-sided shear blade for optimal performance
- Weighs up to 35% less than gas models

Blade Length	20"
Strokes Per Minute	4,400 SPM
Tooth Spacing	1-3/8"
Overall Length	83-1/4"
Net Weight (with battery)	9.2 lbs.

XN05SM1

18V LXT® 18" Telescoping Articulating Pole Hedge Trimmer Kit

- Makita-built motor delivers up to 3,600 SPM for faster cutting
- 10 angle settings with 135° working range for efficient trimming of overhead and low-lying hedges
- Telescoping shaft easily adjusts length from 6 ft. to 8 ft. allowing access to hard-to-reach hedges
- 18-1/8" dual action double-sided shear blade
- Over 90 minutes of run time using an 18V LXT® 4.0Ah battery
- Weighs up to 60% less than gas models

Blade Length	18-1/8"
Strokes Per Minute	3,600 SPM
Tooth Spacing	1-1/8"
Net Weight (with battery)	7.3 lbs.
Net Weight (without battery)	5.9 lbs.

LXT
XMU04ZX
18V LXT® Grass Shear with Hedge Trimmer Blade

- Up to 3 hours of run time with 18V LXT® 5.0Ah battery (battery not included)
- Makita-built motor delivers up to 2,500 SPM for efficient cutting
- 2-in-1 quick blade change from grass shear to hedge trimmer
- 6-5/16" shear blade with dual cutting action for maximum efficiency

Cutting Capacity (width)	6-5/16"
Strokes Per Minute	2,500 SPM
Depth Adjustment Range	9/16", 3/4", 1"
Overall Length	13-7/8"
Net Weight (without battery)	2.4 lbs.

LXT
XMU04Z
18V LXT® 6-5/16" Grass Shear

- Up to 3 hours of run time with 18V LXT® 5.0Ah battery (battery not included)
- Makita-built motor delivers 2,500 SPM for efficient cutting
- 6-5/16" blade with dual cutting action for maximum efficiency
- Non-electrolyzed nickel plated blades engineered to resist staining and rusting

Cutting Capacity (width)	6-5/16"
Strokes Per Minute	2,500 SPM
Depth Adjustment Range	9/16", 3/4", 1"
Overall Length	13-7/8"
Net Weight (without battery)	2.4 lbs.

LXT
XMU05Z
18V LXT® 4-5/16" Grass Shear

- Makita motor delivers 2,500 SPM for efficient cutting
- Up to 2 hours of run time with 18V LXT® 5.0Ah battery (battery not included)
- 4-5/16" blade with dual cutting action for precision performance
- Tool-less shear blade change for increased convenience

Cutting Capacity (width)	4-5/16"
Strokes Per Minute	2,500 SPM
Overall Length	11-3/4"
Net Weight (without battery)	2.3 lbs.
Net Weight (with battery)	3.7 lbs.

LXT
XSU03Z **NEW**
18V LXT® 1.3 Gallon Sprayer

- Motor delivers immediate and consistent pressure up to 38 PSI
- Sprays up to 90 gallons with 18V LXT® 5.0Ah battery (battery sold separately)
- Variable mist or jet nozzles adjust pressure between 19-38 PSI
- Select between 1 nozzle head for targeted spraying or 2 nozzle heads to cover a wider area

Maximum Pressure	38 PSI
Minimum Pressure	19 PSI
Capacity (Gallons)	1.3 gal.
Hose Length (in.)	27"
Net Weight (without battery)	6.1 lbs.

CORDLESS POWER TO CUT THROUGH CONCRETE & METAL

XEC01PT1 36V (18V X2) LXT® Brushless 9" Power Cutter Kit w/ 4 Batteries

- Eliminates the hassles of gas with lower weight, reduced maintenance, and zero emissions allowing use in indoor environments
- The Brushless Motor powered by two 18V LXT® batteries eliminate the hassle of engine pull starts
- Integrated water delivery system with water flow adjustment knob continuously feeds water for OSHA Table 1 Compliance in concrete cutting applications
- Active Feedback-sensing Technology (AFT®) turns the motor off if rotation of the wheel is suddenly forced to stop
- Electric brake stops the wheel in 4 seconds or less allowing for faster re-positioning

Battery	2X 18V LXT® Lithium-Ion
No Load Speed	6,600 RPM
Wheel Diameter	9"
Max. Cutting Depth	3-1/2"
Arbor Size	7/8"

XEC01PT1 PRODUCT FEATURES

POWER

The Brushless Motor powered by two 18V LXT® batteries eliminate the hassle of engine pull starts

CAPACITY

Makes single pass cuts up to 3-1/2" in various materials

CONTROL

AFT® turns the motor off if rotation of the wheel is suddenly forced to stop

DUST MANAGEMENT

Integrated water delivery continuously feeds water for OSHA Table 1 Compliance

LXT

XPT

XUC01PTX1**XUC01X1****18V X2 LXT® Brushless Power-Assisted Wheelbarrow Kit**

- Up to 100 minutes of run time with two 18V LXT® 5.0Ah batteries
- Powered by (1) 18V LXT® battery with the option to insert (1) additional battery for extended run time
- Makita-built brushless motor for optimal performance
- Steel bucket provides 3 cu. ft. capacity

Speed Forward (High/Low MPH)	2 / 1 MPH
Speed Reverse (MPH)	.5 MPH
Max. Load Capacity	290 lbs.
Max. Grade	12°
Battery	18V LXT® Lithium-Ion

XGD01PT**XGD01Z****36V (18V X2) LXT® Brushless Earth Auger Kit**

- Brushless Motor delivers power of a 36cc gas earth auger
- Drill holes up to 8" wide and 41" deep (extension bar, auger bit and blades sold separately)
- High performance digging with even and consistent holes for landscaping, construction and soil sampling
- Ideal for post-hole digging, fence installation, large planting jobs and construction projects

No Load Speed (var. 2 spd)	0 - 350 / 0 - 1,400 RPM
Maximum Hole Diameter (in.)	8"
Maximum Hole Depth (in.)	41"
Overall Length	33"
Net Weight (with battery)	17.9 lbs.

LXT

XPG01S1**XPG01Z****18V LXT® Grease Gun Kit**

- Powerful motor delivers up to 10,000 PSI of Max pressure
- Features two speed modes; Low and Auto-Speed for better control
- Auto-Speed mode applies grease while varying the flow rate automatically matching the resistance of the part being greased
- Variable speed trigger allows the user to adjust discharge rate

Voltage	18V
Battery	18V LXT® Lithium-Ion
Maximum Pressure	10,000 PSI
Maximum Flow Rate	10 fl. oz./min
Lock-On Switch	Yes

Backpack Power Supply

CONNECTX™

ConnectX™ 1,200Wh Portable Backpack Power Supply PDC1200A01

- Ideal for all day work; expected run times with PDC1200A01 may vary by product, application, and workday amount
- Powers ConnectX™, 40V max XGT® and LXT® 18V X2 (36V) systems for ultimate compatibility (40V max adapter sold separately)

LXT®

LXT® and LXT® X2 (36V) Portable Backpack Power Supply PDC01

- Provides up to 4X the run time when used with Makita LXT® 18V products
- Provides up to 2X the run time when used with Makita LXT® 18V X2 (36V) products

18V Rapid Optimum Charger DC18RC

- Charges 18V LXT® 2.0Ah battery in 25 minutes, 3.0Ah in 30 min., 4.0Ah in 40 min., 5.0Ah in 45 min.
- Communicates with the battery's built-in chip during the charging process to optimize battery life

18V 4-Port Charger DC18SF

- Charges 2 18V LXT® 3.0Ah batteries in 60 minutes and 4 18V LXT® 3.0Ah batteries in 120 minutes
- Charges 2 18V LXT® Compact 2.0Ah batteries in 30 minutes and 4 18V 2.0Ah batteries in 60 minutes

18V Dual Rapid Optimum Charger DC18RD

- Charges 2 batteries simultaneously
- Charges two (2) 18V LXT® Lithium-Ion 6.0Ah batteries in only 55 minutes

18V Automotive Charger DC18SE

- Compatible with 12-volt DC outlets found in most autos and trucks
- Charges Makita 18V Lithium-Ion slide-style batteries

CORDED PRODUCTS

UC4051A

16" Electric Chain Saw

- Powerful 14.5 Amp motor for a variety of cutting applications
- Built-in current limiter helps protect motor
- "Tool-less" chain adjustment for convenient operation and maintenance
- Automatic chain oiler for heavy continuous cutting

Guide Bar Length	16"
Pitch	3/8"
Gauge	.050"
Chain Speed	2,900 FPM
Net Weight	12.3 lbs.

UC3551A

14" Electric Chain Saw

- Powerful 14.5 Amp motor for a variety of cutting applications
- Built-in current limiter helps protect motor
- "Tool-less" chain adjustment for convenient operation and maintenance
- Automatic chain oiler for heavy continuous cutting

Guide Bar Length	14"
Pitch	3/8"
Gauge	.050"
Chain Speed	2,900 FPM
Net Weight	12.1 lbs.

UH6570

25" Electric Hedge Trimmer

- Powerful 4.8 Amp motor for a variety of trimming applications
- 25" dual action double-sided shear blade for optimal performance
- Well balanced and with less weight
- Ergonomic grip design for improved comfort and handling

Blade Length	25"
Strokes Per Minute	3,200 SPM
AMPS	4.8
Overall Length	44-3/4"
Net Weight	8.2 lbs.

UH5570

22" Electric Hedge Trimmer

- Powerful 4.8 Amp motor for a variety of trimming applications
- 22" dual action double-sided shear blade for precision cutting
- Well balanced and with less weight
- Ergonomic grip design for improved comfort and handling

Blade Length	22"
Strokes Per Minute	3,200 SPM
AMPS	4.8
Overall Length	40-1/2"
Net Weight	7.9 lbs.

UB1103

Electric Blower

- Two tools in one; quickly converts to a vacuum for added versatility
- Maximum air volume of 145 cfm for faster clean up in larger areas
- Delivers a maximum air speed of 203 MPH for faster job site clean up
-

Max. Air Volume	145 CFM
Max. Air Velocity	203 MPH
AMPS	6.8
Overall Length	18-7/8"
Net Weight	4.3 lbs.

ACCESSORIES

OUTDOOR POWER EQUIPMENT ACCESSORIES

Whether replacing a saw chain or adding a new attachment for your couple shaft, Makita® Accessories offer the finishing touch your outdoor power equipment needs. Made of quality materials, Makita® Accessories are durable to tackle demanding jobs. Complete your cordless, gas or corded equipment with the right accessory, so that you can **GET THE JOB DONE.**

Read, understand and follow all instructions and warnings in tool or charger instruction manual as well as those provided with recommended accessories.

Keep guards in place and in working order.

Use recommended accessories only.

Check damaged parts. (Before further use of the tool, a guard or other part that is damaged should be carefully checked to determine that it will operate properly and perform its intended function). A guard or other part that is damaged should be properly repaired or replaced by an authorized service center.

Keep work area clean. Cluttered areas and benches invite injuries. Consider work area environment. Do not use power tools in damp or wet locations. Keep work area well lit. Do not expose power tools to rain. Do not use tools or chargers in presence of flammable liquids or gases.

Keep children away. All visitors should be kept away from work area.

Store idle tools. When not in use, tools should be stored high or locked up out of reach of children.

Use the right tool. Do not force a small tool or attachment to do the job of a heavy duty tool. Do not use tool or accessories for purpose not intended. Only use proper, recommended accessories for the tool being used. Only use genuine Makita® batteries and chargers.

Dress properly. Do not wear loose clothing or jewelry. They can be caught in moving parts. Wear protective hair covering to contain long hair.

Use safety glasses whenever operating any tool. Makita® safety goggles and glasses are available (part no. 191686-2, 191684-A and 191685-A). Also use face or dust mask if operation is dusty.

Don't abuse cord. Never carry tool by cord or yank it to disconnect from receptacle.

Secure work. Use clamps or a vise to hold workpiece. It can be safer and it frees both hands to operate and control tool.

Maintain tools with care. Keep tools sharp and clean for best and safest performance. Follow instructions for lubrication and changing accessories.

Unplug tools. When not in use, before servicing, and when changing accessories. Remove adjusting keys and wrenches. Form a habit of checking to see that keys and adjusting wrenches are removed from tool before turning it on.

Avoid unintentional starting. Don't carry plugged-in tool with finger on switch. Be sure switch is OFF when plugging in.

Outdoor use extension cords. When tool is used outdoors, use only extension cords intended for use outdoors and so marked.

Guard against electric shock. Prevent body contact with grounded surfaces. For example: pipes, radiators, ranges and refrigerator enclosures.

Replacement parts. When servicing, use only genuine Makita® replacement parts.

Never leave tool running unattended. Turn power off. Don't leave tool until it comes to a complete stop.

MAKITA® 3-YEAR LIMITED WARRANTY, LITHIUM-ION TOOL, BATTERY, CHARGER, AND PNEUMATIC NAILER

Every Makita® Lithium-Ion Tool, Battery, Charger, and Pneumatic Nailer is warranted to be free of defects from workmanship and materials for the period of THREE YEARS from the date of original purchase. Should any trouble develop during the three-year period, return the COMPLETE Lithium-Ion Tool, Battery, Charger or Pneumatic Nailer to one of Makita's Factory or Authorized Service Centers. If inspection shows the trouble is caused by defective workmanship or material, Makita will repair (or at our option, replace) without charge.

*See below for limitations and exclusions applicable to all Makita® warranties

MAKITA® GENERAL PRODUCT LIMITED WARRANTY

Every Makita® product is warranted to be free of defects from workmanship and materials for the period of ONE YEAR from the date of original purchase. Certain products referenced below have longer warranties. Should any trouble develop during the one-year period, return the COMPLETE Lithium-Ion Tool, Battery, Charger or Pneumatic Nailer to one of Makita's Factory or Authorized Service Centers. If inspection shows the trouble is caused by defective workmanship or material, Makita will repair (or at our option, replace) without charge.

*See below for limitations and exclusions applicable to all Makita® warranties

MAKITA® 2-YEAR WARRANTY EMISSIONS RELATED COMPONENTS

Makita tools are warranted for 2 years for all emission related components. Consult your instruction manual for complete explanation of the 2 year emissions warranty. Components covered in this emission warranty include: 1) Fuel metering system, 2) Air induction system, 3) Ignition system and 4) items used in the above systems.

MAKITA® 30 DAY RETURN / REPLACEMENT GUARANTEE

Every Makita® product is thoroughly inspected and tested before leaving the factory. If you are not satisfied with any Makita® product within 30 days of purchase, return it and Makita® will provide, at Makita's option, a replacement or refund. This guarantee does not apply to Makita® Accessories and/or wearable items such as bits, blades or cutters.

MAKITA® WARRANTY LIMITATIONS AND EXCLUSIONS

These warranties do not apply to Makita® Accessories or where:

- Repairs have been made or attempted by others
- Repairs are required because of normal wear and tear. With regard to Pneumatic Nailers, normal wear parts include the following and are not covered under this warranty: piston/driver assemblies, piston stops, driver blades, rubber o-rings, seals, isolators, air filters, and driver belts.
- The tool has been abused, misused, improperly maintained or operated. With regard to Pneumatic Nailers, improper operation includes the failure to use clean, dry regulated compressed air and/or air pressures exceeding the maximum indicated on the nailer casting. With regard to Lithium-Ion Tools, improper operation includes the use of a non-genuine or "knock-off" battery on a Lithium-Ion Tool or Charger. With regard to Laser Instruments, abuse includes liquid damage or physical damage caused by impact.
- Alterations have been made to the tool

IN NO EVENT SHALL MAKITA® BE LIABLE FOR (A) ANY INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES ARISING FROM THE SALE OR USE OF THE PRODUCTS SOLD UNDER THESE WARRANTIES, OR (B) ANY AMOUNT IN EXCESS OF THE AMOUNT ACTUALLY PAID TO MAKITA® FOR THE PRODUCTS SOLD HEREUNDER. THIS LIMITATION APPLIES BOTH DURING AND AFTER THE TERMS OF THE WARRANTY. MAKITA® DISCLAIMS LIABILITY FOR ANY IMPLIED WARRANTIES, INCLUDING IMPLIED WARRANTIES OF "MERCHANTABILITY" AND "FITNESS FOR A SPECIFIC PURPOSE" AFTER THE EXPIRATION OF ANY EXPRESS WARRANTY.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states do not allow limitation on how long an implied warranty lasts, so the above limitation may not apply to you.

Makita® U.S.A., Inc., reserves the right to make changes or improvements on its products without incurring an additional obligation including any obligation to make corresponding changes or improvements to products previously manufactured or sold. Makita® reserves the right to discontinue products at any time without notice. All illustrations and photographs displayed in this catalog are the property of Makita® U.S.A., Inc., and shall not be duplicated or reproduced without the express written consent of Makita® U.S.A., Inc.

"KNOCK-OFF" MAKITA® LITHIUM-ION BATTERIES MAY BURST CAUSING FIRES, PERSONAL INJURIES OR PROPERTY DAMAGE

CAUTION MAKITA U.S.A., INC. NOTIFIES TOOL USERS OF THE HAZARDS AND RISKS OF USING NON-GENUINE ("KNOCK-OFF") MAKITA® LITHIUM-ION BATTERIES.

Makita® Lithium-Ion Batteries are manufactured to strict standards, and are engineered with internal electronic circuitry to monitor the battery conditions when in use with Makita® tools and chargers. By using a non-genuine Makita® "knock-off" battery or batteries that have been altered, the sophisticated electronic communication system between the battery and charger as well as between the battery and the tool may be defeated. This will result in:

- Voiding the Makita® Warranty for the Makita® Tool and Charger
- Voiding the UL/CSA Standards approval of the tool

When using non-genuine Makita® Batteries, there is also a risk of:

- The battery bursting that may result in personal injury and/or property damage
- Possible fire damage to the tool, the battery and/or the charger
- Unknown tool performance

Makita bears no liability for accidents, personal injury or property damage (or damage to batteries, tools or chargers) that occurs as a result of the use of "knock-off" batteries, or batteries that have been repaired or altered in any way.

Don't be fooled! Genuine Makita® Batteries are black in color, have the Makita® trademark logo with lithium-ion identification on both sides, and have the Makita® trademark logo on the bottom of the battery. "Knock-off" batteries may appear to be similar to genuine Makita® Batteries but have no Makita® branding on them. Makita only approves the use of genuine parts and accessories with Makita® Tools. Makita does not approve the use of non-genuine or "knock-off" lithium-ion batteries which are marketed and sold by third parties for use in Makita® Lithium-Ion Cordless Tools.

IF THERE IS ANY QUESTION WHETHER YOUR BATTERY IS A GENUINE MAKITA® PRODUCT, OR IF YOU HAVE A PERFORMANCE ISSUE WITH YOUR MAKITA® BATTERY, TOOL, OR CHARGER, CONTACT A MAKITA FACTORY SERVICE CENTER OR AUTHORIZED SERVICE CENTER, OR CALL (800)4-MAKITA.

ONLINE PRODUCT REGISTRATION

Register all your Makita® products and keep them in one safe place; your own online Tool Box. It's where you can go to obtain your tool model numbers and serial numbers in the event your tool is stolen or needs service.

ONLINE PARTS & ENVIRONMENTAL RESPONSIBILITY

Go online to makitatools.com, enter the model number in the search field, scroll down the product page to locate the corresponding parts Breakdown and Instruction Manual.

Battery Recycling

Makita® is continuing our sustainability efforts and support for the environment by responsibly recycling rechargeable batteries through the call2recycle® program. The program is no-cost, no-hassle and available at Makita® Service Centers. call2recycle® follows the strictest standards in safety and compliance, including being the first program of its kind to receive Responsible Recycling (R2) certification and e-Steward recognition from the Basel Action Network (BAN).
